Quote Corner:
 "Teamwork is the ability to work together toward a common vision. The ability to direct individual accomplishment toward organizational objectives. It is the fuel that allows common people to attain uncommon results."
 ~Andrew Carnegie

It's that time of year again! Time to recognize our fellow workers for exemplary service! The SOC in Action Committee is pleased to announce it is now accepting nominations for the 2010 SOC in Action Team Award. The SOC in Action Team Award is given to the team that best incorporates the spirit of the principles of "System of Care- an approach to services that recognizes the importance of family, school and community, and seeks to promote the full potential of every child and youth by addressing their physical, emotional, intellectual, cultural and

social needs".¹ System of Care is not a program. It is a philosophy for care delivery and considered to be a best practice for those who coordinate, provide, participate in, and benefit from the services that DSCYF administers. Recognize the hard work of our colleagues and their dedication to the SOC philosophy by nominating a team today! Details for submissions are in the box to the right and will be accepted until July 9, 2010!
